

Clorox® Total 360® System

Get Superior Coverage with Trusted Solutions...For Healthier Facilities

Illness-causing germs can quickly spread on surfaces. Manual cleaning methods and traditional disinfecting tools aren't designed to effectively reach all desired areas, leaving facilities and tenants at risk.

The Clorox® Total 360® System pairs an electrostatic sprayer with a portfolio of Clorox disinfectants and sanitizers to ensure all surfaces — even those hard-to-reach, difficult-to-clean areas — are properly treated. The superior surface coverage helps keep facilities healthier, while also saving time and money.

The Clorox® Total 360® System...

TAKES LESS TIME

Up to **75% faster***

COVERS MORE

Treat up to **18,000 sq. ft./per hour**

REDUCES COST

Uses **65% less solution***

A New Way to Fight the High Cost and Impact of Illnesses

- ▶ **\$1,685** — Average annual cost of illness to employees¹
- ▶ **\$400,000** — Cost to major university to combat a single Norovirus outbreak²

Clorox® Total 360® System Delivers Superior Results

The Clorox® Total 360® Electrostatic Sprayer, with the patented PowerWrap™ nozzle, is an efficient, reliable and powerful method to ensure all surfaces — front, back and sides — can be properly disinfected and sanitized.

The Clorox® Total 360® System Advantages...

Patented PowerWrap™ Nozzle

The advanced nozzle design provides highly reliable atomization and particle size.

Delivers uniform wraparound coverage on all sides of target.

Powerful Air Compressor

The dynamic air compressor enables fast, efficient delivery of charged particles to targeted surfaces.

Cover more intended surfaces in less time.

Reliable Delivery Method

The corded system ensures safe grounding and consistent electrostatic output.

No variance in performance due to operator handling or battery life.

Clorox® Total 360® Electrostatic Sprayer

Cordless Electrostatic Sprayer

Pump Sprayer

Trigger Sprayer

Exceptional Wraparound Coverage vs. Other Sprayers

The Clorox® Total 360® Electrostatic Sprayer delivers more uniform, wraparound coverage to the targeted surfaces than current sprayers on the market today.* Superior surface coverage helps provide better protection from the spread of germs.

*Results were determined in a single spray study conducted on metal trash cans (7.5 inches in diameter). Testing protocol established by using average of manufacturer suggested spray distances. Cordless electrostatic sprayer disinfection nozzle setting used.
